Witness/Complainant Statement

I, **Ravi M.**, aged 41 years, state that on **14 September 2026** at approximately **9:30 p.m.**, loud amplified music was being played from a temporary gathering in the fictional residential lane near Bazaar Road.

The sound continued for approximately forty minutes and could be heard inside my residence with the doors and windows closed. Several residents came outside to identify the source.

I requested that the volume be reduced because children and elderly residents were trying to rest. The request was initially ignored, after which the volume was reduced briefly and later increased again.

No person threatened me, and I did not observe any physical violence or property damage. I am making this statement to document the disturbance and request appropriate assistance if it continues.

This statement is given voluntarily and is accurate to the best of my recollection.
